John F. Cooke welcomes *Beauty and the Beast* to The Disney Channel in May.

A LETTER TO OUR SUBSCRIBERS

Last year, the Academy of Motion Picture Arts and Sciences bestowed a singular honor on *Beauty and the Beast*: it became the first animated film to be nominated for an Academy Award as Best Picture. So you can imagine how proud I am to announce that *Beauty and the Beast* will receive its world television premiere on The Disney Channel in May. It's a wonderful film: a simple yet haunting story with a superb musical score and a host of wonderfully delineated characters that would have made Walt and the nine grand old men of Disney animation proud.

In the meantime, however, while waiting for *Beauty and the Beast*, you can whet your appetite for Disney animation with the world television premiere of *The Rescuers* on February 6. We'll also be offering special encore presentations of *Be Our Guest: The Making of Beauty and the Beast*, beginning on Sunday, March 6. The special is hosted by David Ogden Stiers, the voice of Cogsworth. And, as you've probably heard, *Beauty and the Beast* is bound for Broadway after its initial run in Houston, Texas. This musical has captured all of the beauty and the magic of the animated classic, and on Sunday, March 6, The Disney Channel is proud to take you behind the scenes of the show with the premiere of *Backstage Pass...Disney's Beauty and the Beast Goes to Broadway*.

So enjoy February and March on The Disney Channel. And don't miss the world television premiere of *Homeward Bound: The Incredible Journey* on Sunday, March 27. It's another great Disney film you'll want to share with all the members of your family.

FEATURES

14 The Many Lives of The Rescuers
For a while it looked as if Disney's unsung storymen had met their match: at one point, they junked an entire year's work on *The Rescuers.* Somewhere in that mass of material, a Disney animated classic was waiting to be born.

16 The Incredible Journey II: Recreating a Disney Masterpiece
When Disney filmmakers decided to make an *Incredible Journey* for the '90s, they had one special trick up their sleeves: more human interaction. "There's a magic between children and animals that adults can't touch," explains the film's co-producer Mack Bing.

20 A Celebration of Tommy & the Who
The Who have always joked that their rock opera would not end its natural life until someone thought up *Tommy on Ice.* Noted rock critic and historian Dave Marsh looks at *The Who's Tommy: The Amazing Journey*, a world premiere special that celebrates the legacy of *Tommy*, from its conception as a rock album to its current incarnation as a Broadway musical.

Bound for Broadway

BEAUTY AND THE BEAST ON THE GREAT WHITE WAY

All the romance and beauty of Disney's Academy Award-winning animated classic comes to Broadway as a dynamic new musical at the Palace Theatre. Featuring a 31-member cast, *Beauty and the Beast* begins March 9, 1994. The full-length musical stage production will have its official Broadway premiere on April 7. In addition to the beloved songs by Alan Menken and the late Howard Ashman, the stage musical features an additional Ashman-Menken song not included in the film, plus brand new songs by Menken and Tim Rice. The show's book was written by Linda Woolverton, who also wrote the film's screenplay. With technical wizardry, imaginative design, a superb cast, and an acclaimed score, *Beauty and the Beast* recaptures all the original movie magic. And you can take a behind-the-scenes peek with *Backstage Pass...Disney's Beauty and the Beast Goes to Broadway*, premiering Sunday, March 6.

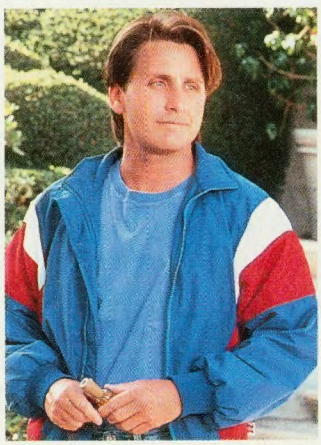
Mighty Ducks II

EMILIO ESTEVEZ RETURNS AS GORDON BOMBAY

When Emilio Estevez decided to accept the role of Gordon Bombay in the smash Disney comedy *The Mighty Ducks*, his reasons were familial. "I have two kids, ages seven and nine, and it was important to me to make a film they'd like. I don't want to be pigeonholed as an actor, so I accept all kinds of roles. But in this particular case, I was won over by the fact that there was no sex, no violence, and no bad language. *The Mighty Ducks* was a film I would take my kids to."

Doing *The Mighty Ducks* proved right on target with Estevez's kids. "It's the movie they like best of everything I've ever done," he says. So it comes as no surprise that Estevez reprises his kids' favorite role in *The Mighty Ducks II*, which comes to theaters across the country on March 25.

What was a surprise for Estevez was the number of challenges the new film presented, in spite of the fact that Gordon Bombay was a character he had played before. In the first *Mighty Ducks*, one of the memorable experiences for the cast, and in particular for Estevez, was



shooting in Minnesota in the winter. For *The Mighty Ducks II*, the cast was back in the Land of 10,000 Lakes, but the season was summer. "Hot, it was incredibly hot," says Estevez, shaking his head.

Then there was the character of Bombay himself. "In the first film, Gordon's unlikable and then goes through a transformation," Estevez points out. "Now I had to take him back to where he was unappealing, then again make him somebody the audience could like. The question for me was, 'How far do you take it?' I like that kind of challenge."

Many of the kids from the first *Mighty Ducks* were also reprising their roles. That, according to Estevez, presented some of the most amusing moments during filming. "They'd grown since the first film and had hit the dinosaur stage," Estevez laughs. "You know, big bodies, small brains. They couldn't keep control of their voices, their bodies, or their emotions. It made for some pretty funny scenes."

Other unintentionally funny moments were provided by Estevez himself. "I didn't skate before I made these pictures—and I didn't skate in between." Estevez adds, "*That* proved to be a *big* mistake."

JOAN PLOWRIGHT MAKES HER DISNEY CHANNEL DEBUT

For nearly four decades, Joan Plowright has been a leading light and a dominant force on the British stage. Blessed by early associations with some of England's greatest performers—her mentors were Dames Peggy Ashcroft and Edith Evans; she was married to Lord Laurence Olivier—Plowright has garnered awards and accolades for parts ranging from Saint Joan to broad farce. Of late, she's been appearing in more feature films—and she received an Academy Award nomination last year for her work in *Enchanted April*.

In April 1994, Ms. Plowright comes to The Disney Channel in a new Disney Channel Premiere Film, *On Promised Land*. In the poignant drama, set in the American South of the late 1950s, Plowright plays Mrs. Appletree, a reclusive if domineering steel magnolia.

"She's a lovely part, a very interesting lady," says Joan Plowright. "At the beginning of the film she is so closed up and retiring, but she goes on an internal journey and she progresses. By opening up her eyes to the injustices around her, she comes back to life again." For more Ms. Plowright, don't miss her profile in the next issue of *The Disney Channel Magazine*.

GEORGE C. SCOTT CO-STARS IN A NEW DISNEY CHANNEL PREMIERE FILM

His name is Blind George and he is a rogue—and another memorable portrait brought to life by the acting artistry of George C. Scott. Blind George is the pivotal character in the upcoming Disney Channel Premiere Film *The Whipping Boy*. The movie is an adaptation of Sid Fleischman's 1986 novel for young readers—a winner of the prestigious Newbery Award for "the most distinguished contribution to American literature for children." *The Whipping Boy* is the tale of a spoiled prince, the orphan snatched from the streets to take the prince's place in times of punishment, and, of course, Blind George. This sensational film comes your way this summer.

The American Legacy

A SALUTE TO COWBOY CULTURE

In April, The American Legacy, which celebrates American traditions, take a 500-year ride through history with **Cowboys of the Americas**. Hosted by celebrated singer/songwriter Michael Martin Murphey, the special examines the culture of the American cowboy—a culture that ranges from the gaucho of the Argentine pampas to the vaqueros of Mexico to the United States and its cowboys of the old Chisholm Trail. The special also features segments on cowboy and western humorist Will Rogers, painter Charles Russell, plus a special appearance by cowboy singer and songwriter Ian Tyson (pictured below). **Cowboys of the Americas** is a celebration of a unique American lifestyle—the way of the cowboy.

WHEN BAD COLDS GET WORSE

It's difficult to know when a stubborn cold needs the assessment of a health-care provider. But there are some key signs and symptoms that signal when antibiotics or other treatment may be needed.

Linda McDermott, a family nurse practitioner and assistant professor in the departments of nursing and medicine at the University of Southern California, explains that no single indicator shows when a cold becomes more serious.

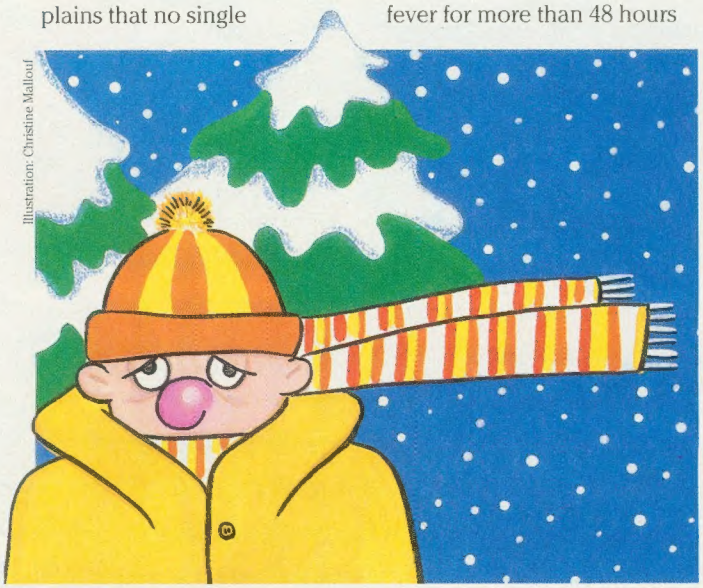

Illustration: Christine Mallouf

Simple colds, which are caused by viruses, don't respond to antibiotics, McDermott says. But if a cold develops into something more complicated—a bacterial infection—antibiotics are typically required.

For infants, who are more vulnerable to infection and dehydration than are older children, the American Academy of Pediatrics recommends that parents call the health provider at the first sign of illness. For children older than six months, the provider should be called if a child has a cough that lasts more than a week, if clear mucus becomes thick and green, if lips or nails turn blue, if there is pain in the ear, if the temperature is over 102 degrees Fahrenheit, or if the child is having difficulty breathing.

McDermott suggests that parents be sure to have their children evaluated early if they have any chronic conditions, such as asthma. Children should also be brought in for assessment if they have a seizure, a fever for more than 48 hours with no other symptoms, irritability, lethargy, a bad headache or a stiff neck.

McDermott says some parents request antibiotics before there are any clear signs of bacterial infection, because they want to prevent the possibility of complications or secondary infection. They may also want to minimize the chances of having to return to the health care provider again in a few days.

"There's a mystique to antibiotics and some people feel they will end a cold more quickly," McDermott says. "But if you have pressing concerns—if you know the child always gets a strep throat infection after a cold, —it's important to tell your health provider these things."

It's also valuable to give the provider a clear history of the cold: how many days the child has had it, what over-the-counter remedies you have used, and what the child's fever and other symptoms have been.

Even uncomplicated colds can last several weeks. But just lasting a long time doesn't necessarily mean a cold is serious. Without seeing a health provider, parents shouldn't be tempted to shop in their medicine cabinets for left-over antibiotics from previous illnesses. Different kinds of infections require different antibiotics, and taking the wrong drug may only prolong the discomfort while making it harder for the health provider to diagnose the condition.

When antibiotics are prescribed, McDermott says it typically takes two to three doses before the symptoms will be reduced. It is important to take the antibiotic for the full length of time for which it is prescribed. If not, there's a risk of not wiping out the bacteria, and symptoms may resurface.

IT'S ABOUT TIME

Whether they are just learning how to tell time, fascinated with a stop watch, or committed to looking fashionable while not being late, kids love watches. A wide range of products are now available that makes clock watching fun:

***The Time Book*, by John Cassidy (Klutz Press, $10.95). An easy-to-read 27-page book, with a real batteries-included watch. Describes not just how to tell time, but a range of fun-to-know facts.**

***Flik Flak Watches* come in a wide range of Swiss-made styles and colors, including neon dinosaur faces with volcano-print bands and brightly colored, simpler versions.**

***Stop! the Watch*, by Klutz Press ($10.95). Encourages children to master the stop-watch by timing themselves and their friends attempting strange activities, like standing on one foot with both eyes closed or crawling underneath a bed. The book also gives kids a chance to record their times and compare them to those of others.**

times, it's the parent who is having trouble sleeping because of anything from too much coffee to too many worries. What do experts recommend?

Barbara Polland, a psychotherapist and professor of child development at California State University, Northridge (CSUN), says that establishing regular bedtime rituals and taking a common-sense approach to middle-of-the-night wakefulness may go a long way toward preventing sleep problems for the whole family.

Changing into pajamas, brushing teeth, listening to a bedtime story or song—it's the regularity with which the various steps are followed that helps a child psychologically and physically prepare to say goodnight, Polland says. Parents should also be careful to avoid overstimulating the kids during the pre-bedtime phase: wrestling, power struggles, or arguing should be avoided, she adds. Parents should also try not to get in the habit of staying with their children until they fall asleep. Polland points out that it's important for kids to learn to fall asleep on their own, without a parent at their side.

Polland says many parents have established terrific bedtime rituals for their children, but haven't developed any for themselves. No one can segue from a stimulating television movie—or the evening news—without encountering trouble falling asleep, she says. A warm bath, ten minutes devoted purely to relaxation, a back rub, favorite music—all can help parents fall asleep more quickly, too.

It's not uncommon to have the sleepy silence of the middle of the night broken by a wakeful child. The trick with such episodes, says Polland, is to avoid subtly reinforcing the wakefulness by turning on the lights, engaging in a long conversation with the child, offering a snack, or even rocking the child. "This is not supposed to be a big socialization time," she says.

When dealing with a wide-awake child in the wee hours, the goal should be to talk softly, reassure that all is well, and slip back away, says Polland.

Illustration: Christine Mallouf

If children sometimes awaken after a nightmare, Polland suggests giving them flashlights to keep in an easy-to-reach spot in bed. The children can learn to turn on the light for quick reassurance that they really are home, and can then—hopefully—fall back to sleep quickly.

If children are extremely upset by a dream, she recommends that parents avoid simply saying that there are absolutely no monsters in the room. "Just say, 'How smart of you to wake yourself up to stop the dream,'" Polland says. "It reinforces the control they have over themselves."

For children who have developed a habit of waking up at night, Polland suggests that parents provide motivation to entice them to work at successfully sleeping through. She likes the idea of offering a very special celebration breakfast on the morning after a child has made it through the night without awakening the family. The event can feature balloons, streamers, a favorite menu and even a little prize at the child's place, she says.

It may also be helpful to show children who have

awakened the family that their behavior has an effect on everyone. "For example, when the child wants to go to the park the next day, the parent could say, 'I would, but I'm so tired because you kept us up last night,'" suggests Polland.

Parents, too, can find themselves restless at night, especially when they have a lot on their minds, Polland says. For them, she suggests keeping a note pad and a pen next to the bed to make it simple to jot down thoughts and ideas.

Polland says the sleep problems of many families today are caused by the stress and strain of lives in overload. That means a good night's sleep may require some pre-planning, enough time to relax...and a heavy dose of patience.

History takes on a life of its own when seen through the eyes of children—or in this case, dolls. That's the idea behind Pleasant Company's American Girls Collection, which includes five dolls depicting different eras, from colonial times through the Civil War to the Second World War. Books that were written about each of the dolls explain what life was like at the time—told in suspenseful plots that include historically accurate details from the period. VALENTINE'S DAY HEART-SHAPED SCONES WITH BLACKBERRY BUTTER

Why not turn Valentine's Day into an opportunity for an old-fashioned but simple tea, featuring heart-shaped English scones—with blackberry butter, to add some excitement and perhaps a new taste? Scones are great fun to make, and they don't take more than 15 minutes to bake once the dough is chilled. Serve them if you like with apple juice (as tea) poured from a teapot.

THE SCONES

- 4 1/2 cups sifted all-purpose flour
- 2 tablespoons sugar
- 2 teaspoons baking powder
- 1/2 teaspoon baking soda
- Pinch of salt
- 2 sticks cold, unsalted butter, cut up into small pieces
- 1 cup heavy cream
- 1/4 cup light cream
- 1 egg

1. Preheat the oven to 375 degrees.
2. Mix the dry ingredients. Cut the butter into the dry ingredients, using a pastry blender until the mixture has the consistency of coarse meal.
3. Mix in heavy cream just until the dough holds together. Wrap in wax paper or plastic and chill about 30 minutes.
4. Roll the chilled dough into a circle, 1/2-inch thick. Using a heart-shaped biscuit or cookie cutter, cut the dough. Makes about 40 scones.
5. Combine one egg and 1/4 cup light cream and brush the top of the scones.
6. Bake until golden brown and puffy, about 13 to 15 minutes.

BLACKBERRY BUTTER

- 2 sticks unsalted butter, room temperature
- 1/2 cup ripe blackberries, fresh or (thawed and drained) frozen

1. In a food processor, process the berries and butter to the consistency of a puree.
2. Put in a small serving dish and refrigerate until about one hour before serving.

by James A. Meger

In a forest setting, tranquil and secure, they stand together. Silent and inseparable. A handsome white-tailed buck and his beautiful doe. Around them nothing stirs, except the orange leaves of autumn, silently swaying to the gentle breeze that floats through the crisp morning air.

If ever a scene could fill the heart with a joyous sense of nature's majesty, it is "Interlude," a stunning collector plate premiere by one of America's most widely collected wildlife artists, James A. Meger. Remarkable for its true-to-life color, astonishing detail, and most of all, the splendor and beauty of nature, "Interlude" draws the viewer to within arm's length of this magnificent pair.

"Interlude" inaugurates Meger's *Portraits of the Wild* Plate Collection, featuring breathtaking portraits of North American wildlife. By acquiring this important premiere, you'll gain the opportunity—*with no obligation whatsoever*—to preview subsequent works in the collection. Our 30 Day *100% Satisfaction Guarantee* assures you order at no risk.

The Many Lives of

A True Story of Disney's Unsung Storymen

MULTIPLE CHOICE:

A. Disney's animated feature *The Rescuers* stars Bernard, a janitor mouse dazzled by Bianca, a glamorous agent of the Rescue Aid Society, as they save an orphan named Penny from the evil Madame Medusa.

B. *The Rescuers* stars a husband-and-wife team of detectives who journey to the South Pole, where they save a singing bear from a con-man penguin.

C. In *The Rescuers*, Bernard and Bianca free an imprisoned poet who has been wrongly incarcerated in a terrible prison.

Obviously, A is the right answer. But without B and C, *The Rescuers* as we know it wouldn't exist.

Producing an animated feature means sifting through hundreds of choices. Should the heroes bicker or be lovey-dovey? What dialogue should the villain have? What kind of supporting cast do we need? Which scenes do we keep? Which scenes do we cut?

For *The Rescuers*, released in 1977, some choices ranged so far from the finished film that its fans wouldn't recognize them.

The film's first version, planned in the 1960s and based on the first *Rescuers* novel by Margery Sharp, featured the mice rescuing a poet who had been imprisoned unfairly. "Walt looked at it and said, 'Jeez, it's too dark,'" recalls storyman Burny Mattinson. "So the whole thing was shelved."

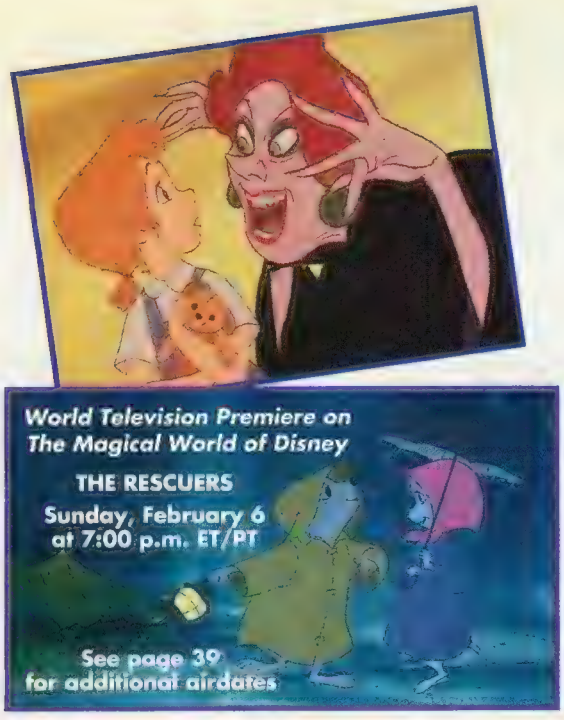
In the early 1970s, after Walt's death, the Studio revived *The Rescuers*, but with a different story. "We had a premise where a penguin came up [from the South Pole], was dumped in the zoo, and here [in the zoo] was a performing bear," said producer-director Wolfgang Reitherman in a lecture at California Institute of the Arts in 1974. "He conned the performing bear to go down to the South Pole because this con-man penguin...had an old wreck down there that he used as a showplace, and he charged all the penguins to come in." "The mice were going to come down to try to rescue the bear," recalls Mattinson.

But the little penguin wasn't formidable or evil enough for the audience to believe that he could dominate the big bear. "We struggled with that for a year," Reitherman said. Then, Mattinson remembers, "They changed the locale to somewhere in America, and it was a regular zoo, and they were going to do something to the bear in the zoo." That didn't work, either.

Storyman Vance Gerry says that after all that work, Reitherman's attitude became, "I just want something like a kidnap. Like the Dalmatians were kidnapped. That's a simple story. That's what I want, just a simple story. I can't stand this anymore."

"So we went to another [Rescuers] book," Reitherman said at CalArts, "and in this other book, there's an old lady, who was a very horrible old lady, and she had this little girl, and these mice rescued the little girl."

One part of the South Pole story lingered. The bear, to be voiced by Louis Prima (King Louie in *The Jungle Book*), became Bernard and Bianca's connection to Penny, the girl they rescue. Gerry says, "We developed the sequence where, while the two mice are searching for clues as to where Penny



the Rescuers

By David Seidman

has been taken, they come across this bear who she had been friends with... because the orphanage [where Penny lived] was near the zoo." The bear even had a song to sing.

But Rufus, the orphanage cat, worked better as the connection between Penny and the mice. All that remains of the zoo sequence is a quick scene where Bernard enters the zoo and a lion's roar scares him out.

As the story changed, so did the characters. In the novels, Bernard and Bianca were unmarried. However, Disney's artists appreciated the appeal of husband-and-wife detective teams such as Nick and Nora Charles (*The Thin Man*). In an interview with Disney historian Bob Thomas, Reitherman said, "When the mice started [developing], they were married, husband-and-wife detectives...a skilled team."

This situation had only one problem: it had no problems. The characters knew their jobs and each other so well that there was little room for them to grow or learn.

There's no record of who suggested turning Bernard and Bianca into amateurs who'd just met. In any event, the change enlivened the film. Bumbling Bernard yearned to prove himself to gorgeous Bianca, and both of them, being novices at sleuthing, had to work doubly hard to find and rescue Penny. The audience could worry about them and root for them more than if they were long-married expert gumshoes.

With the South Pole story gone, the film needed a new villain. Gerry recalls storyman Ken Anderson sketching *101 Dalmatians*' Cruella DeVil—an experienced kidnapper—as the mice's nemesis. Meanwhile, actress Geraldine Page auditioned to voice the villain, whoever she might be. Directing animator Milt Kahl, Mattinson remembers, "*loved* Geraldine Page. He got such a kick out of her, and he started doing these drawings of her, and I think everybody was just knocked out by her performance and by what Milt was drawing." So long, Cruella; hello, Madame Medusa.

Other changes abounded. The swamp critters who befriend the mice were originally Rescue Aid Society members, but it turned out simpler to make them merely local folk with an urge to help. Scenes of young Rescue Aid Society mouse scouts working in the Society headquarters were reduced to a scout blowing a bugle fanfare. Madame Medusa's hideout was variously a huge pirate fortress and a fashionable Art Deco mansion—"I can remember drawing [it] myself," says Gerry, "and I thought I was ever so clever"—and other things, until artist Roy Wilson sketched an old riverboat that Ken Anderson liked and refined. And so on.

Mattinson remembers a conversation with Reitherman at the end of *The Rescuers*' four years of production. "He says, 'How come, after four years, this story's so simple? Why didn't we think of it before?'"

Mattinson laughs. "All this complicated [stuff] to arrive at something so very simple."

Disney animators and storymen in search of a simple plot for* The Rescuers*: from left to right, Ted Berman, Ollie Johnston, Vance Gerry, Frank Thomas, director Woolie Reitherman (standing), Dave Michener, and Art Stevens

Reitherman's attitude became, "I just want something like a kidnap. Like the Dalmatians were kidnapped. That's a simple story. I can't stand this anymore."

Geraldine Page's vocal performance inspired animator Milt Kahl in creating the villainous Madame Medusa

THE INCREDIBLE JOURNEY II:

Recreating a Disney Masterpiece

Thirty years ago, when Walt Disney Pictures adapted Sheila Burnford's novel *The Incredible Journey* for the silver screen, film critics were rapturous in their praise. Burnford's tale of three pets and their search for their missing masters was viewed as a perfect family film. Three decades later, Disney filmmakers returned to Burnford's tale and faced the difficult challenge of remaking the film, updating it for the '90s, and recapturing—indeed surpassing—the original. And *Homeward Bound: The Incredible Journey* was indeed one of the most successful family films of 1992.

Paramount to the film's success were the new perspectives brought to the project. For example, the 1963 version primarily focused on the animals' journey, with their thoughts related by the narration of Rex Allen (the voice of many Disney True-Life Adventures). For *Homeward Bound*, the decision was made to cast a voice for each animal—Michael J. Fox, Sally Field, and Don Ameche gave voice to Chance, Sassy, and Shadow. The new screenplay also expanded the role of the family in the film and explored the special bond that has always existed between children and their pets.

"An old saying cautions one never to work with children or animals" laughs director Duwayne Dunham. "I did both and had a great time."

"There's a magic between children and animals that adults can't touch," observes co-producer Mack Bing. "There's an almost visible chemistry that made this film work."

"To me, the most important part of this movie was about the family," adds producer Jeffrey Chernov. "The human characters don't start out as a solid family, but they grow into one. There is the husband who tries very hard to be accepted by the children, but finds it difficult because he has spent his whole life with his career and doesn't really know how to deal with kids. There's a tremendous learning experience, not only for him, but for the children too. The animals are the thread that helps stitch this family together."

Of course, the film also presented technical challenges in its making. "An old saying cautions one never to work with children or animals," laughs director Duwayne Dunham. "I did both and had a great time." Of the technical difficulties in working with animals, Dunham adds: "There were a lot of things within the script that the animals could do and then there were things that had been so specifically written as to be deceiving. Once faced with the situation one realizes that to a certain extent the animals do what they want to do, and that has to be accepted. Sometimes they actually performed better than what was envisioned in the script!"

For Dunham, there was also great personal satisfaction in making *Homeward Bound*. "As a father of two kids, I know how difficult it is to find a film appropriate for young children that also holds the attention of adults. This film filled that niche. As a parent, I wish more people were making this kind of movie."

A vision of exquisite beauty on her wedding day ...

Morning Song

by Judy Belle

A handcrafted porcelain collector doll ... in authentic Cheyenne wedding attire created by Lady Scarlet Whirlwind ... direct descendent of legendary Chief Sitting Bull.

The Cheyenne were one of the mightiest tribes ever to inhabit America's Great Northern Plains. They were admired by other tribes not only for their horsemanship, but also for their skill in the art of beadwork.

Nowhere was this artistic talent more in evidence than on the beautiful, elaborately beaded dresses worn by Cheyenne brides. Now, acclaimed doll artist Judy Belle captures the radiant beauty of a Cheyenne bride in *Morning Song*.

Authentic wedding attire; handcrafted of fine porcelain.

Morning Song's authentic Cheyenne wedding attire was designed by Lady Scarlet Whirlwind—a direct descendent of the great Chief Sitting Bull, and a leading authority on Native American customs. The dress is hand-tailored of fringed faux buckskin, and features hundreds of colorful, hand-sewn beads. Matching beadwork accents *Morning Song's* moccasins and her hair ornaments. Beaded earrings, a choker-style necklace and a bouquet of "wildflowers" add the charming finishing touches.

The doll's head, lower arms and legs are handcrafted of fine porcelain. Her facial features are painted by hand. As your assurance of authenticity, Judy Belle's signature will be inscribed into the porcelain of your doll.

Skillful hand-painting captures the youthful radiance of *Morning Song's* lovely face on her wedding day.

Attractively priced; satisfaction guaranteed.

Available exclusively from the Danbury Mint, *Morning Song* is favorably priced at $165, payable in five convenient monthly installments of just $33. Your satisfaction is guaranteed. To order, simply return the Reservation Application today!

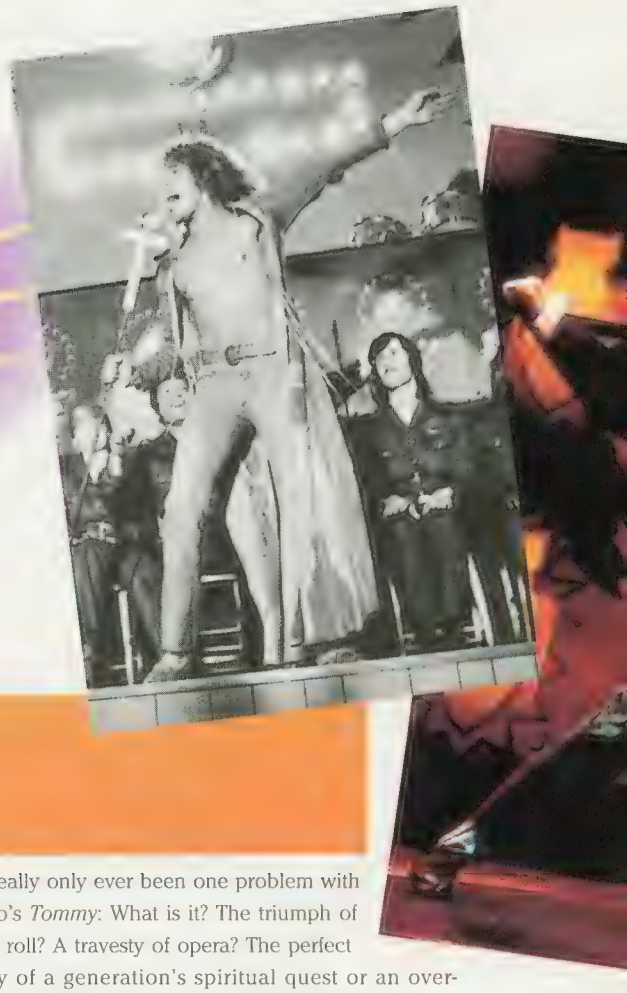
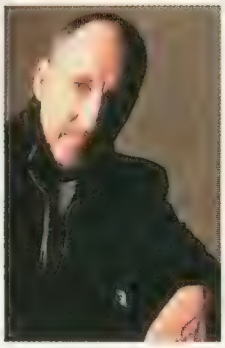
A CELEBRATION OF TOMMY AND THE WHO



A world premiere music special celebrates the 25-year legacy of *Tommy*—and its amazing journey from rock album to Tony Award-winning musical.

By Dave Marsh



Director Des McAnuff and Pete Townshend strengthened Tommy's storyline in adapting it as a Broadway musical

here's really only ever been one problem with the Who's *Tommy*: What is it? The triumph of rock 'n' roll? A travesty of opera? The perfect allegory of a generation's spiritual quest or an over-inflated commercialization of it? In the quarter century since Peter Townshend first composed it, *Tommy* has been a record album, a rock concert, a movie, and a ballet. Now it's a Tony Award-winning Broadway musical. The joke around the Who has always been that the cycle won't end until someone comes up with *Tommy on Ice*. Even that wouldn't settle the basic questions, though. *Tommy*'s success on Broadway, where it was one of the 1993 season's unqualified smashes, certainly hasn't, even though Townshend and director Des McAnuff have radically revised the plot: For the the first time, the story has something like a dramatic resolution.

Tommy survives because rock has more to do with asking questions than answering them. The puzzles Townshend's rock opera posed in 1968, in the heyday of the Woodstock generation and acid-rock, remain open even after the arrival of Generation X, grunge, and rap. That's the thread that allows *Tommy* to prosper in transmutation after transmutation.

The Who's Tommy: The Amazing Journey very wisely—and very bravely—deals with *Tommy* on just these terms. Producers Eve and Maude Chilton and director Barry Alexander Brown accomplish this by approaching the story of *Tommy*, from initial conception through Broadway play, as the Who have always done: Frankly, contentiously, with dirty linen on the line for all the neighbors to see. Nothing is smoothed over, not even the bitter connections between the song "Sally Simpson" and the eventual death of 11 kids at a Cincinnati Who concert in 1980. Rather than concealing the doubts of Townshend's bandmates John Entwistle and Roger Daltrey about the rock 'n' roll authenticity of the Broadway production, *The Amazing*

The Who has always joked the cycle wouldn't end until *Tommy On Ice.*

Far left: For one generation, the character of Tommy will always be synonymous with Roger Daltrey; at left, a scene from the Tony Award-winning Broadway musical

Journey bill-boards them. Doubt and perplexity, questions of identity, rise up everywhere, even in what ought to be cut and dried interviews with celebrities Elton John and Phil Collins.

This is rare TV, because that maelstrom of conflicting interpretation challenges viewers to think for themselves, which means that in spirit *Amazing Journey* lives up to what *Tommy*'s all about. It's also a lot of fun. Much of the story is told by juxtaposing footage of the Broadway production, and the workshop rehearsals that led up to it, with vintage footage of the Who performing *Tommy* (and its early '60s hits) onstage and on period TV shows. What's impressive is how revitalized the material seems—it's been ubiquitous since the dawn of MTV, but here, the *Amazing Journey*'s vintage clips, especially the Fillmore-era footage of the Who performing *Tommy*, reminds us where the opera really came from. Since there's also more of the Broadway production on display here than has been shown anywhere else, Who fans (and Broadway buffs) get a preview that lets them decide whether this cultural conjunction is more triumph or travesty.

For this boyhood fan of the Who and author of the most detailed history of the band (my 1982 book *Before I Get Old*), *Tommy* on Broadway provided some surprises. Townshend's compositions, which never struck me as his best, emerge strongly in these fully arranged versions. A fine new song, "I Believe My Eyes," buttresses the new story line's contemporary psychological edge. While these arrangements sacrifice the Who's power, and while the choreography lacks the muscular grace of the group's onstage antics, the Broadway *Tommy* does retain its integrity.

I know this for sure because the first public performance on Broadway was a benefit for the Kristen Ann Carr Fund for Sarcoma Research, which is named after my late daughter. Sitting alongside me that night were Kristen's best friends. At the end, I thought Townshend and McAnuff had done a fine job. *The kids* were in ecstasy. They hadn't known *Tommy* at all, and when you're jumping out of adolescence to discover the world's cruelties and conundrums, it's a godsend. *Tommy* is full of riddles, all right, but it's also about hope and the ways in which people try to get on together—the best thing rock 'n' roll offers the world. In *Amazing Journey*, Townshend refers to "Looking at You," the finale, as "a prayer." That night, I knew he was right. I can't pay *Amazing Journey* any better tribute than to say that it took me right back to that place and reminded me why.

CELINE DION IN CONCERT ON SUNDAY NIGHT SHOWCASE

"When I'm singing, every sense in my body tingles," says chanteuse Celine Dion. Of course, Dion has been producing the same effect in audiences since 1988. On February 6, subscribers won't want to miss Celine Dion in concert from her favorite city of Quebec. The concert is set in Quebec's historic Capitole Theatre. And the subject of the show? Love in its many guises, as Dion performs "Beauty and the Beast," "When I Fall in Love," "The Power of Love" and "The Colour of My Love." Joining Celine Dion are special guests Peabo Bryson and Clive Griffin. "I always felt that if I just kept singing, everything would turn out well," says Dion, "and of course it has." You'll find that **Celine Dion: The Colour of My Love** is a dynamic program of show-stopping music.

There are two types of people who love Learningland's™ free 14-day home trial offer.

Kids.

Here's why kids love this free, fun, Learningland adventure.

This exciting Discovery Kit includes everything kids ages 3-6 need to sing, dance, create and play their way through learning! This entertaining and educational kit is jam-packed with stories, activities, songs and more, all designed to bring out the best in growing, exploring young minds. Absorbing, enchanting stories fascinate and build interest in the world around us. Creative activities and projects encourage your child's skills and development. And the thrill of accomplishment helps your child achieve the self-esteem needed to succeed throughout life.

Parents.

Here's why parents love this free, educational Learningland journey.

Preschool is the time when your child is naturally curious about everything. You are your child's first teacher, and Learningland helps you teach your child that learning is fun. Learningland has been carefully developed by Challenge Plus Workshop℠ to offer the right combination of age-appropriate skills, challenge and fun. And you get to join in on the fun! Because these materials are designed to foster interaction between you and your child, and to help you make the most of your time together. Yet the kit is so involving, children can play and learn with it on their own, too. No wonder more than one million kids worldwide have already used Learningland to get a headstart on a lifetime of learning.

Your Learningland Discovery Kit Includes All This Fun.

Informative Parent Guide
Filled with the latest information and important tips from leading educators to help you turn your child's natural curiosity and enthusiasm into a lifelong love of learning.

Fun Activity Book
A wonderful way to turn learning into play, with hands-on projects that reinforce critical thinking, visual perception, motor skills and other vital learning skills. "I DID IT!" stickers help your child feel proud.

Beautiful Picture Book
Your child will adore this beautiful book, brimming with wonderful science and nature stories and full-color art; originally-written and illustrated fiction stories; and songs, dances and art activities.

Entertaining Cassette Tape
This collection of heartwarming songs and dances will entertain and delight your child for hours on end. And the friendly narration will accompany your child through Learningland.

Monthly Friends to Cherish Figurine Collection

by Priscilla Hillman

- From the award-winning Cherished Teddies® Collection
- Expertly crafted and hand-painted
- Each complete with Certificate of Adoption

Specially designed wooden display included at no additional charge

Figurines shown smaller than average size of 2½" tall

Bursting with irresistible charm and personality, the award-winning Cherished Teddies® Collection from Enesco has won the hearts of collectors all over the country. Now, The Hamilton Collection is proud to present the *Monthly Friends to Cherish* Figurine Collection, an exclusive limited-edition series featuring twelve irresistible teddy bears ... one to help you celebrate each month of the year.

To capture all of their heartwarming appeal, each resin figurine has been crafted with the utmost care and precision, and skillfully painted by hand in soft, pastel colors. The level of detail is astonishing! Just look at "Seth," carrying his books and an apple for the teacher ... "Alan" has his umbrella up, ready for a spring shower ... there's "Denise" all ready for Christmas ... and "June" with all her pretty flowers! Adorably costumed — complete with appropriate "props" — each teddy is delightfully unique. This "unbearably" cute collection will keep you smiling all year 'round.

As a subscriber of the *Monthly Friends to Cherish* Figurine Collection, you will receive one figurine each month, twelve cuddly teddies in all. You will also receive (at no additional charge) a wooden shelf to display your collection. You and your family will happily welcome each new arrival.

Painstakingly crafted and very attractively priced, this collection promises to be extremely popular with new and seasoned collectors alike. Our 30 day *100% Buy-Back Guarantee* assures your complete satisfaction, so send in your subscription application today!

The American Legacy

IRISH MUSIC & AMERICA

IT WAS AMAZING TO GO TO GRACELAND," SAYS BONO OF U2, "TO THE BIRTHPLACE OF ROCK 'N'ROLL IF YOU LIKE, TO MEMPHIS, AND TO FIND THE IRISH HAD ALREADY BEEN THERE WITH THEIR SONGS AND THEIR TUNES. THEY HAD, IN FACT, CONTRIBUTED—NOT JUST CONTRIBUTED BUT INSPIRED—A LOT OF THE MUSIC." INDEED, IRISH MUSIC HAD NOT ONLY SHAPED AND FORMED ROCK 'N' ROLL BUT HAD ALSO INFLUENCED THOSE AMERICAN MUSICAL GENRES OF BLUEGRASS, COUNTRY, BLUES, EVEN COWBOY MUSIC. THIS REMARKABLE LEGACY IS THE SUBJECT OF **IRISH MUSIC AND AMERICA...A MUSICAL MIGRATION**, WHICH IS NARRATED BY CELEBRATED COUNTRY SINGER EMMY LOU HARRIS. THE ARTISTS, WHO ARE FEATURED BOTH IN MUSICAL PERFORMANCES AND IN INTERVIEWS, INCLUDE BONO (WHO PERFORMS A NEW SONG, "A WILD IRISH ROSE," WHICH WAS WRITTEN ESPECIALLY FOR THE SHOW), MARY BLACK, THE EVERLY BROTHERS, PETE SEEGER, DOLORES KEANE, RICHARD THOMPSON, ELVIS COSTELLO, THE CLANCY BROTHERS, JOHN PRINE, HOTHOUSE FLOWERS, AND OTHERS. **IRISH MUSIC AND AMERICA**, WHICH IS PART OF **THE AMERICAN LEGACY** (CELEBRATING AMERICAN TRADITIONS, TUESDAYS AT 9:00 P.M.) NUMBER
This number, fired on the back, certifies that your plate is officially listed for trading on the Bradford Exchange.

It was such fun! Dressing up—exchanging presents—pretending to have tea. Everything was so special when you shared it with your very best friend.

Now this delightful reminder of the eternal nature of true friendship has been captured on a fine porcelain limited-edition collector's plate. And, like exceptional collector's plates that command hundreds of dollars on the plate market, "Best Friends" appears to have what it takes to go up in value once the edition closes.

Some exceptional plates appreciate in value; some plates go down, and many remain at or near issue price. But the edition of "Best Friends" is strictly limited to a maximum of 95 firing days, and demand is expected to be strong. So, if you wish to obtain this plate at the $29.90 issue price, the time to act is now. To order your plate—fully backed by our unconditional 365-day guarantee—send no money now, simply complete and mail the coupon.

SUPER CREAMY RANCH DRESSING

We've discovered the secret to get kids to eat their salads.

Introducing four fun new dressings that combine the freshness of Hidden Valley with the flavors kids love. And you'll love the good things they're made with, like real pepperoni and real cheddar cheese. Now let your kids discover how great salads and vegetables can taste.

It Looks Different Because It Is Different.

The 1994 Lumina Minivan *You've seen it on the road. And even with its redesigned front end, it's still pretty distinctive. But remember, behind our advanced design is advanced technology and engineering.*

Available Remote Power Door *Take the optional power sliding door. Lumina is the only minivan that offers this extraordinary feature.* Now, with the press of a remote-control button, it opens and closes. No hands. A driver's-side air bag, four-wheel anti-lock brakes and composite outer-body panels come standard. Lumina has*

Standard Driver's-Side Air Bag *room for five, plus optional rear modular seating for two more. Integrated child seats are also available. All this comes with a standard 3.1 Liter engine and a suspension system that are both tuned to give you a smooth, quiet, car-like ride. So check out the new Chevy Lumina. You'll be sure to take a different look at it.*
